WHOLESALE AND RETAIL PRICE LIST

JANUARY 1928

LEGRON FLORAL CO.

125 Amherst Drive

TOLEDO, OHIO

LeGRON FLORAL CO., 125 Amherst Drive, Toledo, Ohio

WHOLESALE PRICE LIST—JANUARY, 1928

All wholesale prices are F. O. B. Toledo, Ohio.
Twenty-five per cent will hold order for spring delivery.

Bulbs will be sent C. O. D. at any time with an advance payment of 25%.

All orders accepted subject to prior sales.

As season advances we will be out of certain sizes. Shall we substitute the next size if we are out of one ordered?

We do not substitute varieties unless requested to do so. Make your wants clearly known in first order as frequently while we are corresponding regarding a certain size some other customer sends a check in for the whole lot.

We sell at wholesale to any one providing you take in quantities as listed.

Minimum sales are \$1.00 for your total items.

Special prices given to Jobbers ordering in lots of 10,000 or more.

LeGRON FLORAL CO., 125 Amherst Drive, Toledo, Ohio

RETAIL PRICE LIST—JANUARY 1928

We will issue no catalog this season. We have had a wonderful growing season and ideal weather for digging so that we have about three times as many bulbs this year per dollar expense as we had last. Retail prices have been cut accordingly from 25% to 70% less than last year. We have 146 varieties not listed on this list that we are going to put on a CLOSE OUT LIST as soon as bulbs are cleaned, graded and counted. Our stock has increased to such an extent that we will simply have to let some of our varieties go entirely. Be sure and get this CLOSE OUT LIST. Ready about December 10th, 1927.

Varieties on this list will not be on the CLOSE OUT LIST so order in time if you wish any of the varieties listed here at prices quoted. Nearly all bulbs sold last season at 15c to 45c have been reduced this year to 10c.

TERMS: Cash with order or 25% deposit and balance when you are ready for the bulbs. Bulbs will be sent C. O. D. if 25% deposit is advanced.

POSTAGE AND EXPRESS. All bulbs in the retail list are sent out by us prepaid, but bulbs from wholesale list are F. O. B. Toledo, Ohio. If you mix your orders send enough extra to cover transportation on bulbs ordered wholesale.

We will refund any excess you send. Do not write asking us what it will be as we can not tell until order is packed. After order is packed it should be sent at once and not held for correspondence. Bulbs packed ready for shipment in large size (Nos. 1 and 2 combined) will weigh about six pounds to the 100.

Your Postmaster or Express Agent can give you the rate from Toledo, Ohio.

Postage collected C. O. D. costs the customer about 15c extra.

We ship bulbs all winter at our own risk. Valuable packages should be sent express in cold weather as P. O. does not insure against freezing.

Prices per single bulb One dozen for price of ten in same variety and size

CERTIFICATE OF NURSERY INSPECTION

No. 915

Columbus, Ohio, October 11, 1927

THIS IS TO CERTIFY, That the nursery stock of

Le Gron Floral Company of Toledo, County of Lucas, State of Ohio, consisting of Gladioli, iris and greenhouse stock, has been inspected by a duly authorized inspector, in compliance with Section 1126, General Code, and has been found apparently free from dangerously injurious insects and plant diseases.

Permission is hereby granted the above mentioned nursery firm to sell and ship nursery stock which has been inspected for the year ending September 15, 1928.

This certificate, granted under the provisions of Section 1135, General Code, is invalid after September 15, 1928, and may be revoked earlier for cause.

N. B. All raspberry stock which may be covered by this certificate has been inspected twice, at least thirty days intervening between the two inspections.

Richard Faxon, Chief of Division

Chas. V. Truax, Director of Agriculture

CULTURE. The culture of gladioli is quite simple. Ordinary fertile soil is all that is required. Sandy soil is best and clay is poorest. Cultivation and water are the main helps in growing good glads.

TIME OF PLANTING. Plant in spring as soon as frost is out of ground. The large bulbs will come in bloom first and the smaller sizes later, so the bloom of a single variety extends over quite a period. Then we have the early and late varieties which also prolong the blooming period. We also plant some bulbs about every two weeks up to July first and in this way have blooms to sell from July first until killed by frost.

SIZES. No. 1 is 1½ inch up; No. 2, 1¼ inch to 1½ inch; No. 3, 1 inch to 1¼ inch; No. 4, ¾ inch to 1 inch; No. 5, ½ inch to ¾ inch; No. 6, ¼ inch and less. Bulblets are the small bulbs that form around the base of the larger bulbs. These always come true to name with the parent bulb.

PLANTING. We dig trenches six inches wide for all sizes. Nos. 1, 2 and 3 are planted four to six inches deep, putting two rows in a trench in zig-zag shape. These are placed by hand with right side of bulb placed up. Nos. 4, 5 and 6 we sow in trenches about 2 to 3 inches deep regardless of position of bulbs. Bulblets are planted one inch deep and bottom of trench is covered with bulblets so that they entirely cover same.

The deep planting of large bulbs keeps wind from blowing them over after spikes have formed and also helps to hold moisture in dry seasons.

For field culture with the horse we have our rows 30 inches apart. This allows cultivator to cultivate the entire space by going once through. The rows must be straight. We always use lines in digging trenches.

CUTTING FLOWERS. Always cut flowers in morning when spikes are full of moisture. Spikes should be cut as soon as one or two flowers are open. Fill your vase with fresh water each day and cut one inch off the stems and you will have a nice bouquet for a week. The bottom flowers should be pulled off as they wilt. Always leave at least four leaves on plant in cutting. The main growth of the bulb and production of bulblets is after the spike is cut. Cultivation should not be neglected at this time.

DIGGING. We dig bulblets about September 1. They can be dug when still quite green. We cut the tops off close to the ground with a sickle and then use a long handle round pointed shovel and shovel dirt and all into a sieve. The dirt is then rubbed or shook through the sieve. The large bulbs are first loosened with a potato fork and then pulled up by hand and the tops broken off next to the bulb and the bulb and roots thrown into a tray six inches deep. Trays are then taken to cellar-but windows are left open to give plenty of air.

STORAGE. After about two to three weeks from digging the roots and bulblets can be taken from the bulbs easily. After the bulbs are cleaned they can be put back in the trays but not over FOUR INCHES deep. Never store bulbs in same basement room with a furnace fire. If you have only up to a dozen bulbs of a kind you can use a 5-pound sugar sack nicely. Leave the top open. Temperature for winter should be between 35 and 40 degrees.

A \$100.00 Bulb For \$5.00

Read Mrs. Austin's Letter Below.

GALLANT LEADER (Austin). A new LEADER among the Glads and one of Mrs. Austin's best productions. "In the field the majestic spikes, with many massive bloom open at one time, presents an almost startling effect of beauty. The opening buds are peach-red blending into geranium red in upper petals, while the lower ones show a blotch of white slightly dotted Begonia Rose deep in throat The spike is slender, straight, measures 64 inches in height, blooms 5 inches in diameter". Above measurements taken from stock grown on clay soil. Very prolific and a good seed bearer. Use this to impart vigor in your seedlings. Each, \$5.00. No bulblets for sale. Only one bulb to a customer.

TROSSEAU PINK (Austin). Tall, graceful spike with well placed blooms of pleasing color difficult to describe. Tips touched Strawberry Pink blending to LaFrance Pink, deeper in throat with white blotch on lower petals, tinted maize yellow. A beautiful variety. Each, \$2.00. No bulblets for sale.

RAVENNA CREAM (Austin). Tips of bloom are clear maize yellow shading almost to white in upper petals, while lower ones are overlaid buff yellow, beautifully flushed Tyrian pink. A lovely combination of color, and a bloom of good size, and open form. Each, \$1.50. No bulblets for sale.

GALLANT LEADER	\$5.00
TROSSEAU PINK	2.00
RAVENNA CREAM	1.50
Total	\$8.50
THE TRIO FOR.....	\$7.00

Ravenna, Ohio, Dec. 4th, '26.

LeGron Floral Co.,
Toledo, Ohio.

Dear Friends:

I wish to commend you for the manner in which you are introducing the varieties purchased from us, in that you are pricing them reasonably according to the quality and quantity, thus placing them within the reach of the average grower.

Reasonable prices lowered gradually mean service and profit to your customers and to yourselves. GALLANT LEADER would compare favorably with those in the \$100.00 row but glad you are making it only \$5.00.

Yours very truly,

MRS. A. H. AUSTIN.

We have purchased the entire stock of the above three varieties from the A. H. Austin Co. Send all orders to

LeGron Floral Co.,
R. 4, Toledo, Ohio.
